

## Summer Student Employment Opportunity

### Water Resources Assistant Position

#### Job Overview

This position reports to the Water Management Supervisor. The primary responsibilities of this position are to assist the Water Resources Technician with flow measurements and retrieval of water level loggers and to assist the Water Management Supervisor with archiving of streamflow and climate data. This position may also assist with other field technicians in the areas such as water quality, groundwater, and electrofishing to a limited amount.

#### Specific Duties

- Assist with the collection of manual flow/discharge measurements.
- Assist with maintenance, deployment, and retrieval of water quantity equipment.
- Assist with the entry and archival of water quantity data including manual measurements, logger download files, weather observations, and reservoir operations reports.
- Assist with collecting GPS survey data including elevations and river cross sections.
- Assist other field technicians with tasks such as water quality sampling, groundwater monitoring, benthic micro-invertebrate sampling, and electrofishing as required

#### Technical Accountabilities

- Good knowledge of water quantity measurement techniques and water related hazards.
- Experience with maintenance of water quantity equipment or with field data collection is an asset.
- Strong background and experience with the Microsoft Office software suite.
- Experience with large data sets, database programs, or data programming is an asset.
- Excellent written and oral communication skills.
- Must possess a valid driver's licence and a valid student card.
- Standard First Aid/CPR is an asset
- Must be comfortable around moving water and working outside in various conditions.
- Enrolled in an Environmental Technology program at a College or an Environmental Studies/Sciences, Geography, or Engineering program at the University level, or related field of study.

All successful applicants must possess their own Green Patch CSA approved safety boots, be able to work outdoors in all weather conditions, and be available to work the duration of the season.

**Work Period:** May 4 to September 4, 2026

**Pay Rate** \$20.00 per hour
